

An Open Letter From Robt. R. Reynolds

To The Democratic Voters of the Tenth District:

It has been my purpose to see every voter in this District and talk with him in person and ask him for his support for the Democratic Congressional nomination on the 15th day of May, but owing to the short time at my disposal and the large territory I had to cover, it has been impossible for me to meet every one of you face to face and discuss the situation with you. I am proud to say, however, that I have the very strongest assurances from every section of the District that I will receive enough votes in the primaries to give me the nomination on the first ballot in the convention.

I am writing you this last word to ask that you go to your precinct meetings and primaries on the 15th day of May and give me your support and endorsement as your candidates for Congress.

I heartily thank all the people of the entire district for their gracious and kind hospitality shown me on my recent trip to your homes and through your neighborhood. Everywhere I have met with a most cordial welcome and your friendliness and good fellowship will always be cherished by me.

With sincere best wishes for all of my friends, I beg to subscribe myself,

Faithfully your friend,

ROBERT R. REYNOLDS

Buy of your Druggist and ask for CHICHESTER'S DIAMOND BRAND PILLS for twenty-five years regarded as Best, Safest, Always Reliable. SOLD BY ALL DRUGGISTS EVERYWHERE TESTED TIME TRIED

COUGH TWO YEARS OLD

Yields to Vinol. Read Why.

Strong vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your run down condition again?

Mrs. D. A. McGee of Waycross, Ga., says: "I had a chronic cold and cough which kept me awake nights for two years and I felt tired all the time. Vinol cured my cough and I feel stronger in every way."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building and added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say. P. S.—For itching, burning skin try our Sazo Salve. We guarantee it.

JUSTUS PHARMACY.

THE PEOPLE'S FORUM.

Letters from the people on current topics, not exceeding 800 words in length, are solicited.

This is your column. Use it as you will, avoiding vituperation or libelous matter. If you differ with us or our contributors, say so, and why.

Letters must bear the name and address of the writer. Anonymous communications will not be considered.

WHAT IS GOOD FOR US, SHOULD BE GOOD FOR OUR TOURISTS—ONLY THAT IS DESIRABLE, WHICH HELPS EVERYBODY.

Editor Democrat:

Let us go where we will and do what we may, we are constantly met by the fellow who calls himself and his organization the "Booster," and with a kind of moral despotism, he tells you, "you must do this, you must do something else, otherwise you are a drone, and your town and country will go to the bow-wows. Let us rake up a few of the things, we are told we should do, and see if we should do them, or not.

Judge Boyd, he it said to his honor and purity of character, recently took occasion to say incidentally, to his grand jury, something in regard to the base-ball craze, that is now cursing and demoralizing the young people of our land. Creating idlers among our young men and boys, furnishing a most convenient medium for gambling—an inviting place for bums, blackguards, roustabouts, sports, the dissolute of both sexes; and in short, a school of high-grade, for turning out idlers. This wise judge declared our old time schools and colleges had fallen into new schemes, with this modern craze. Instead of young men who now attend college, putting in their time contentedly with textbooks, the science, mathematics, languages, etc., they are now organized into teams of ball-players, prancing the country over, many of them running their father-daddies in debt, to pay the expenses, in order largely to furnish entertainment for the gambler and the prostitute. Of course the

game is a scientific one—good people go to them and enjoy them, but the thing has become abused, and run into the ground. It has become a demoralizing institution and needs to be halted.

We have our property taxed in this city, to raise an advertising fund annually, which is placed in the hands of a boosting board of commerce, and there can be no doubt but that such will prove to be an evil way of appropriating public funds. It is certainly right and proper for us to let all the world know what we have, to offer up here, in this common country, twenty two hundred feet on general level, above the sea, with many points much higher, and the question is, how shall this property and equitably be done? Base-ballers, golf-linkers, race-trackers, locker-club promoters, get-rich-quick schemers, upstairs-cad-table keepers and even blind tigers, may be useful, in a financial way, to certain classes of people, but of what interest are such things to those who would build up churches, Sunday schools, colleges, public schools, young men and young women's Christian associations, hospitals for the sick and suffering, children's homes, homes for the aged and infirm and in short for promoting an economic policy, that will furnish a reasonable chance for every family to have a home and common comfort?

It is certainly legitimate and commendable to own lands and sell them to desirable home-builders,—to have Laurel and Columbia Parks, with lakes and springs—and to build street railways to them, where tired men, women and children, as well as tourists can ride cheaply, and enjoy fresh air recreation,—drink not only ice cold spring water, but the very ozone from heaven itself, while blue skies and mountain scenery will follow you home and play around your pillow, till you dream of heavenly bliss for weeks. Such is Laurel Park and may all the inhabitants of lovely Hendersonville and the thousands of summer visitors who reach this resort, get aboard the electric cars and let them furnish gaiety and music to and from this utopian wonderland. This will mean happiness for a thousand of God's choice folks, to where golf-links would be for only ten. The same well wish for Columbia Park and its "no-pushee no-pullees" cars to and fro. Long live it!

While we are being constantly scolded and sometimes chided as to

means and who should boost and advertise this delightful resort country of ours, it is pertinent to ask the question, who is doing it and who should do? Our reply is, that the Southern Railway company is doing it, has done it, will continue to do it, has the means of doing it, and would be a miserable failure if it did not do so. As things now are, the railroad belongs to the people,—they paid their money and are now paying their money for its inception, even,—it would go a day but for the money of the people,—what is its interest, is likewise the people's interest and vice-versa. It traverses from the great cities of New York, Philadelphia, Washington through the States of Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, with connection to New Orleans, Tennessee, Kentucky, Indiana, Illinois to the cities of Memphis, St. Louis, Cincinnati, and connections to Chicago and the great Northwest. It is ours, to work for us and we to work for it, with the help of the hotels, newspapers, boarding houses and mercantile bodies. We have the place for the tourists and they must let them know and bring them to us, all of which they will do, so get busy, all of us.

THOS. J. RICKMAN, Asheville, N.C.

VITAGRAPH TROUPE COMING WITH NED FINLEY TO H'VILLE.

Thought That Headquarters Will be Maintained in This City—May Use Scenes in Laurel Park.

Hendersonville will more than likely be visited by a troupe of well known actors of the Vitagraph company of Brooklyn, N. Y. In a letter received here from Director Ned Finley, who brought about twenty actors to Bat Cave, N. C., last season, stating that he wanted to make Hendersonville his headquarters this season. He would make short trips to Bat Cave and Chimney Rock section. If the company decides to come to Hendersonville several pictures for the movies will be taken in and around Hendersonville.

Mr. Smith has generously offered Laurel Park to the Vitagraph company in which to take pictures, and perhaps during the busy month of July a street scene from Main street will be included in some of the plays to be photographed by the picture people while in the city.

LOSS OF SANATORIUM MEANS MORE HOTELS 'ROUND ASHEVILLE

Asheville.—Following the announcement that plans for the erection of a sanatorium in the territory comprising what is known as the "tourist zone" have been abandoned, the management of the Manor yesterday announced that plans have been adopted for the addition of another building to that hotel's present holdings in Albenmarle park. The new structure, three stories in height, will double the capacity of the hotel and the addition will call for the expenditure of more than \$100,000. Upon the completion of the hotel building, many more cottages are to be erected for the convenience of tourists who desire home life while spending their time here. At the present time, twenty-one such cottages are conducted in connection with the hotel.

Although E. W. Grove and F. L. Seely are out of the city, it was learned on good authority today that plans looking to the expenditure of \$150,000 on an addition to Grove Park Inn will be carried out. These plans were held up pending the adjustment of the sanatorium question, and now that it has been settled the work, it is understood, will begin immediately.

BLOWERS-PARR.

Miss Gertrude Blowers, a frequent and popular guest at the Park Hill, surprised her friends there by arriving on Monday evening, May 4, to be married to C. W. Parr, of Richmond, Va. They were accompanied by the bride's parents, Mr. and Mrs. R. D. Blowers, and her sister, Mrs. W. A. Yarborough, of Baltimore.

The Rev. Mr. Womble, pastor of the Methodist church, performed the ceremony as the bride and bridegroom stood before masses of spring blossoms banked in the drawing room.

The bride wore a heliotrope traveling gown and carried a huge bunch of violets.

After receiving the congratulations of the friends who happened to be there, Mr. and Mrs. Parr left amid a shower of rice, journeying to Asheville by motor. They will travel in the west before making their home in Richmond.

When in need of deeds, mortgages, warrants and other blanks of this nature call at the Hustler-Democrat office.

DOES DANGER THREATEN YOU?

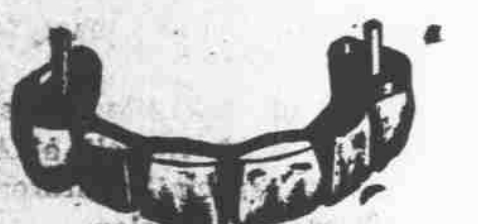

Are You in the Coils of Disease?

Maybe the serpent of sickness is crushing you to death? Your back is heavy, eyes dull, a never ending weariness holds you. Too many women well know the meaning of hopeless dragging days and endless nights. Functional and organic derangements grow steadily when neglected—they become deadly in time. Don't suffer longer. Stella-Vitae will relieve you now.

This wonderful remedy is the guaranteed woman's tonic of the world. It is the finished work of a lifetime of a distinguished physician who gave the best years of life study to its perfection. Stella-Vitae is a life giving tonic guaranteed by every dealer who sells it. Whenever a bottle fails to benefit you, the dealer cheerfully refunds every penny it cost you. It is perfectly harmless—restoring health in every drop. Thousands of well women all over the South testify to its wonderful properties. Shake off the serpent. Get well. Begin today. Get a bottle of Stella-Vitae, the guaranteed-to-benefit remedy. Your dealer sells it in \$1 bottles. Thacher Medicine Co., Chattanooga, Tenn.
